Cereal Box Puppet Theatre

You'll need to make the puppets too!

Step 1

On one *side* of the cereal box, cut a hole big enough for a puppet to get through

Step 2

On the *front* of the box, cut a hole big enough for the screen of the theatre.

Step 3

Decorate the box (I used wrapping paper, but you can use whatever you have to hand).

Monster Box

Step 1

You'll need an empty tissue box. Wrap it in decorative paper or paint/colour the box.

Step 2

Give it eyes, wonky sharp teeth, scars and stitches.

Step 3

Make the teeth look like they're rotting with bits of food stuck in them.

A large graphic featuring a white circle in the center, surrounded by concentric rings of blue brushstrokes that form a stencil-like pattern. The brushstrokes are thick and textured, giving it a hand-painted appearance.

Stencil Painting

Stencil Painting

A simple way to make stencils

Step 1

Cut out shapes, initials and any other images you want, ideally on a piece of card.

Step 2

On a new sheet (paper or card) lay your cut stencil on top. Dab a sponge in paint and then dab the sponge over your stencil, filling the cut shape. Be careful not to use too much paint.

Step 3

Carefully lift the stencil away from your bottom sheet of paper or card and allow the images to dry.

Felt Pictures

With **all of us** in mind.

Felt Pictures

You can keep it simple like our example, or really make it detailed and intricate.

Step 1

You'll need blue, yellow and green felt for our example on the next slide.

Step 2

Cut our blue felt for the background of the picture, a yellow sun shape and a green palm tree shape.

Step 3

Stick the background piece of felt onto cardboard using a glue stick or similar.

Step 4

Stick the foreground images (sun, palm) on to the felt background.

Step 5

You can then embellish with things like sand (glue with PVA or similar) or add a yellow strip of felt for sand.

Step 1

Stick the top of a lollipop stick to the middle of a bun case.

Step 2

Decorate the middle of the bun case with yellow buttons, or similar (you could use your finger dipped in yellow paint to print).

Step 3

Paint or colour in the outer bun case and, when dry, snip the case to create “petals”.
